THIS fine brand of Champaene, which until the I past year was confined exclusively to the best tables of the Continent of Europe, has now obtained the most unbounded success and popularity in this country. It is recommended by some of the first Physicians of the city of New York, over all other wines, on account of its extreme purity and delicacy, and those who once try it rarely use any other brand. Although only one year has elapsed since its introduction into this country, the demand is enormous, and constantly increasing. Our arrangements are such as to ensure the quality of the Wine being maintained at its present high standard. The Prince Imperial is imported solely by us, we being the sole Agents of Messrs. The Stereoscope is the most instructive, interesting sterioring, amusing, and exciting of modern inventorial sterioring in the sterioring of modern inventorial sterioring in the sterioring in Capital Prize \$100,000! None are too young, none too old, none too intelligent, none too unclucated, to acknowledge its worth and beauty.

No home is complete without it, and it must and will penetrate corpuchere.

It presents to your view every part of the world, in all the relief, boldness, perspective, and sharpness of stail, as if you were on the spot.

Photographers are everywhere exploring Europe, Asia, Africa, America, in search of the grand and the beautiful, and the result of their skill are constantly enriching our stock

We have an immense variety of paper Views of Scenes in Parts, London, England, Scotland, Ireland, Wales, Franco, Belgium, Holiand, Switzerland, Spain. The Rhine; Versailles, St. Cloud, sontaineblessu, Puilleries, Italy, Turkey, Egypt, Athens, the Holy Land, Chian, India, Crystal Palace, also Groupe His torical, amusing, marriage scenes, breakfast scenes pic-nies, statuary, &c. &c. An exquisite assortmen of Illuminated Interiors of Palaces, Churches, and Ca thedrals of France, Italy, &c. &c. The effect of these illuminated views is most remarkable.

Event Gestieman of wealth and refined of our caquisite rices on glass, with a revolving stereoscope, showing 12, 25, 50 or 100 scenes. Nothing can be more fascinating, and one can offer no greater treat to a friend fond of the picture sque and the beautiful.

Anthony's instantaneous Stereoscope Views are the latest Phetographic wonder. They are taken in the fortick part of a second, and everything no matter how rapidly it may be moving, is depicted as sharply and distinctly as if it had been persectly at rest. This gives an additional value, for to the beauties of inauimante nature it adds the charm of life and motion. The process is a discovery of our own, and being unknown in Europe, we receive from London Wood, Eddy & Co., Managers.
